Pasfrost

Healthy, great tasting vegetables, Pasfrost lies in the heart of West Flanders in Belgium, so we benefit from all the advantages the region has to offer such as, the mild maritime climate, the fertility of the soil and the know-how of many generations of farmers which all together provide us with a rich assortment of healthy, great tasting vegetables.

European leaders in frozen vegetables. Although we are locally based for production purposes, we sell our frozen vegetables worldwide. We have customers in over 90 countries across the 5 continents. As a result Pasfrost is one of the European leaders in the production of frozen vegetables.

Our annual production capacity amounts to 115,000 tons of deep-frozen vegetables,

with place available in the new production hall for supplementary production lines.

Thanks to our rigorous quality and hygiene rules, Pasfrost has obtained BRC 'Grade AA' and the European IFS 'Higher level' certificates to show that Pasfrost fully complies with the rigorous quality rules and passes all the critical quality tests.

Because Pasfrost is a fully integrated producer of frozen vegetables, we guarantee a rate of 100% traceability of all our products.
